

OVERVIEW

SLEngage is a Membership/Engagement Management System to automate all your membership management functions including managing member types, member profiles, membership fee and other charges, communication etc.

It allows to send invoices and collect payments online, send receipts by emails, display notice, news and details of the governance team on the homepage.

This software solution requires only a PC with internet connection, no server is needed, no database licenses are required and the server management such as keeping backup, manages by the portal administrators.

FEATURES

Membership Management

Association members are included in the database with all parameters necessary to be stored.

Membership Self Service

Members can manage their profiles by changing their data as required such as changing their contact numbers or any personal data available in database. This allows the data in database up-to-date.

Member data

Each member is mapped to a specific association. The bills (monthly, quarterly, half yearly or yearly) are generated and sent to the respective email addresses in a matter of minutes. Provision for any other fees - payable monthly, quarterly, half yearly, annually or may simply be one time.

Mobile Access

The members can view all the data permissible from mobile devices such as mobile phones or tabs.

Payments/Online Payment

Payments - by cash, cheque or credit card/debit card gateway. Receipts automatically emailed to respective association.

KYC

Member documentation is done in this module. Associations may upload Registration details of member organization and PAN, TAN or any other relevant statutory information and download when required.

Suggestions/Complaints

Suggestions and complaints of any kind can be registered online. A complaint number is assigned. Association admin can view, take action and close.

Taxation

Applicable taxes - provision to make any income head as taxable - tax formula can be attached.

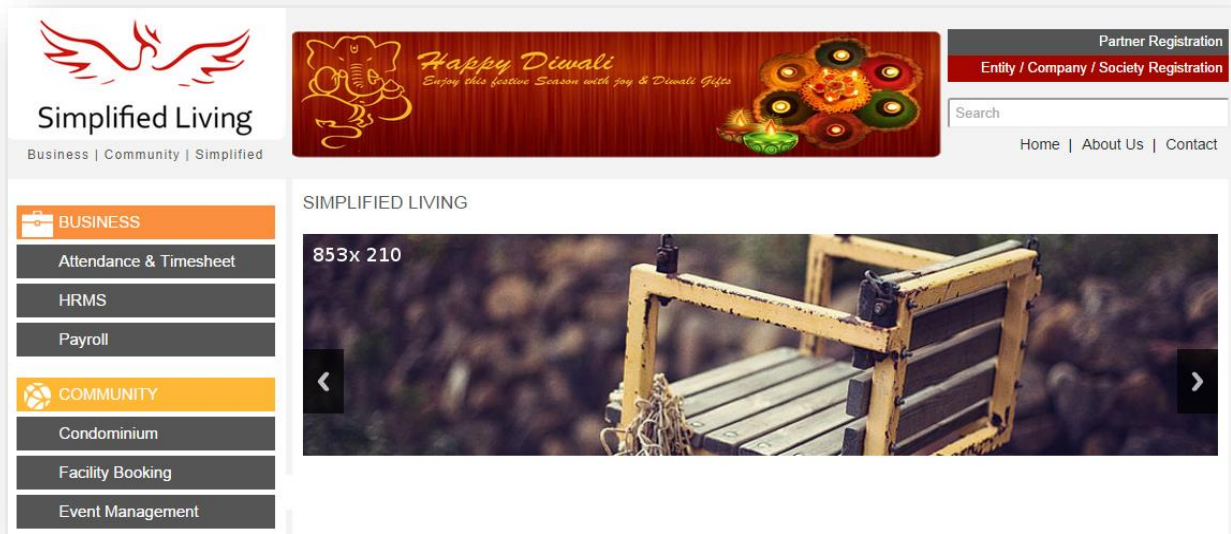

Association home page

Typically, each member can see a unique page on log on. The pictures can be changed by the association manager. Website can also be integrated

There are some additional features like Staff database, Association news, details of the organising committee, staff payment, Notices, etc.
